

Community Supports Reauthorization Form

California | Anthem Blue Cross | Medi-Cal Managed Care

This form is for reauthorization requests only.

Community Supports (CS) are flexible, wrap-around services designed to address medical and social healthcare gaps. These services aim to substitute or prevent the need for more intensive options such as hospital admissions, skilled nursing facility stays, discharge delays, or emergency department visits. To be eligible for CS, members must meet specific eligibility requirements. Contracted community-based CS providers will provide services to approved members.

Submit reauthorization requests via secure email to CalAIMReferrrals@anthem.com or by fax to 877-734-1857.
