

Anthem Blue Cross expands specialty pharmacy precertification list

Effective on and after January 1, 2022, the specialty *Medicare Part B* drugs listed in the table below will be included in our precertification review process.

Federal and state law, as well as state contract language and Centers for Medicare and Medicaid Services guidelines — including definitions and specific contract provisions/exclusions — take precedence over these precertification rules and must be considered first when determining coverage. Noncompliance with new requirements may result in denied claims.

HCPCS or CPT® code	<i>Medicare Part B</i> drugs
J9353	Margenza
J3490, J3590, C9076	Breyanzi
J3490, J3590, C9075	Amondys 45
