

HEDIS Well-Child and Immunizations coding bulletin

Anthem Blue Cross and Blue Shield | Serving Hoosier Healthwise, Healthy Indiana Plan, and Hoosier Care Connect

Healthcare Effectiveness Data Information Set (HEDIS®) is a widely used set of performance measures developed and maintained by NCQA. These are used to drive improvement efforts surrounding best practices.

To help reduce your administrative burden in reporting HEDIS data to us each year during the HEDIS medical review season, we have prepared the following list of CPT®, ICD-10-CM, and HCPCS codes. Adding these codes to your claims will help us identify additional information about each visit and improve the accuracy of reporting quality measures.

Weight Assessment and Counseling for Nutrition and Physical Activity for Children and Adolescents (WCC)

The codes in this chart identify weight assessment, counseling for nutrition, and physical activity. Member-collected biometric values (height, weight, BMI percentile) are eligible for use in the following ways:

Providers who are contracted with Anthem Blue Cross and Blue Shield to serve Hoosier Healthwise, Healthy Indiana Plan, and Hoosier Care Connect through an accountable care organization (ACO), participating medical group (PMG) or Independent Physician Association (IPA) are to follow guidelines and practices of the group. This includes but is not limited to authorization, covered benefits and services, and claims submittal. If you have questions, please contact your group administrator or your Anthem network representative.
