

HEDIS telehealth-eligible measures

Per NCQA, there are three modalities for the delivery of telemedicine services:

1. **Synchronous telehealth:** real-time, two-way audio-visual communications via a technology platform such as WebEx or Zoom. Synchronous telehealth visits, telephone visits, and asynchronous telehealth (e-visits and virtual check-ins) are considered separate modalities for HEDIS® reporting.
2. **Telephonic visits:** exchange of communication via a live telephone call
3. **Asynchronous telehealth:** two-way communication but not real-time such as secure messaging or email

The following is a list of HEDIS measures, which are eligible for provider gap closure through telehealth services:

- Adherence to Antipsychotic Medications for Individuals with Schizophrenia (SAA)
- Antibiotic Utilization for Respiratory Conditions (AXR)
- Antidepressant Medication Management (AMM)
- Appropriate Testing for Pharyngitis (CWP)
- Appropriate Treatment for Upper Respiratory Infection (URI)
- Asthma Medication Ratio (AMR)
- Avoidance of Antibiotic Treatment for Acute Bronchitis/Bronchiolitis (AAB)
- Blood Pressure Control for Patients With Diabetes (BPD)
- Breast Cancer Screening (BCS)
- Cardiac Rehabilitation (CRE)
- Cardiovascular Monitoring for People With Cardiovascular Disease and Schizophrenia (SMC)
- Child and Adolescent Well-Care Visits (WCV)
- Colorectal Cancer Screening (COL)
- Controlling High Blood Pressure (CBP)
- Diabetes Monitoring for People With Diabetes and Schizophrenia (SMD)
- Diabetes Screening for People With Schizophrenia or Bipolar Disorder Who Are Using Antipsychotic Medications (SSD)
- Eye Exam Performed for Patients With Diabetes (EED)
- Follow-Up After Emergency Department Visit for Substance Use (FUA)
- Follow-Up After Emergency Department Visit for Mental Illness (FUM)
- Follow-Up After Emergency Department Visit for People with Multiple High-Risk Chronic Conditions (FMC)
- Follow-Up After High Intensity Care for Substance Use Disorder (FUI)
- Follow-Up After Hospitalization for Mental Illness (FUH) (follow-up visit must be provided by a BH provider and may include telehealth services)
