

Prior authorization update for 95800

CPT[®] code 95800 (sleep study, unattended, simultaneous recording of heart rate, oxygen saturation, respiratory airflow, and respiratory) will require prior authorization (PA) beginning on February 1, 2023. 95800 will be included in the Sleep Management Program through Carelon Medical Benefits Management, Inc.* The provider website can be accessed via the [ProviderPortalsSM](#) or through Availity Essentials.* All covered services are contingent upon medical necessity and benefit coverage at the time of service.

The PA lookup tool allows providers to search codes by the specific line of business (Medicaid/SCHIP/Family Care, or Hoosier Care Connect) to determine if PA is required and which guideline is utilized for the case review. To access the PA lookup tool, go to providers.anthem.com/in, and select **precertification lookup tool** under the *Claims* drop-down.

Detailed PA requirements are available to contracted providers via the provider self-service tool on Availity Essentials at availity.com or go to providers.anthem.com/indiana-provider/home and select **Log in to Availity**.

For assistance with questions regarding the PA requirement change, please call Provider Services at one of the phone numbers listed below:
