

## Look what is new in **Provider Pathways**

Anthem is pleased to announce two new modules that have been added to our self-paced eLearning called Provider Pathways. Provider Pathways is a 24/7 digital resource that gives a foundation for doing business with Anthem. Provider Pathways not only provides what you need to know about the key tools and resources for doing business with us, but we have now added these new modules:

- CAHPS® — Find out what the Consumer Assessment of Healthcare Providers and Systems survey is and how it impacts you.
- SBIRT — Learn more about this important screening, brief intervention, and referral to treatment (SBIRT) method. Let us show you how a simple evidence-based process can be utilized with all types of patients in various settings to identify those needing additional substance use support.
