

Residential services billing update for substance use disorder services

Use the following guidelines when submitting claims for substance use disorder (SUD) services provided in a residential treatment center for Anthem Blue Cross and Blue Shield members.

Billing:

- Submit claims on a *CMS-1500* form only using the following procedure codes:
 - H0010 — Level 3.5, alcohol and drug services: acute detoxification (residential addiction program inpatient)
 - H2034 — Level 3.1, alcohol and drug abuse halfway house, per diem
- The above procedure codes must be submitted with one of the following modifiers:
 - U1 — Member is an adult (age 19 and older)
 - U2 — Member is a child (age 0 through 18)
- Field 24J can be left blank or contain group NPI. A rendering provider NPI should **not** be included in field 24J.
- Field 33 should contain the service location address.
- All SUD provided in a residential treatment center requires prior authorization (PA). Failure to obtain PA will result in the claim being denied.
