

HPV Vaccine Provider Incentive program for members aged 13

Getting vaccinated against HPV is one of the best and safest ways people can prevent and protect their children against six types of cancer. As a participating practice in the HPV Provider Vaccine Incentive program, we recognize your hard work by offering incentives for helping patients make the choice to become vaccinated.

Eligibility

The HPV Vaccine Provider Incentive program is open to you if you are a participating Kentucky primary care provider with an Anthem Blue Cross and Blue Shield Medicaid (Anthem) panel that includes members who are 13. All Anthem members aged 13 identified as receiving both doses of the HPV vaccination services are included in the methodology. Vaccine results will be determined by an HPV vaccine claim or by confirmation from the Kentucky Vaccine Registry.

How you can qualify for a bonus

As you continue to help guide patients toward HPV vaccination, your practice will receive \$250 per Anthem member aged 13 who receives their second dose of the HPV vaccine between August 1, 2022, and December 31, 2022.

When you will receive your bonus

You will receive payment on or before January 31, 2023, and will include payment for all Anthem members aged 13 who receive their second dose of the HPV vaccine between August 1, 2022, and December 31, 2022. The payment will be sent by electronic funds transfer or check based on the payment method used for claim reimbursement. Please allow 7 to 10 business days to receive payment. If you have not received it within that time frame, reach out to a Provider Experience consultant at **800-205-5870, option 3**.
