Medicaid physician fee schedule: place-of-service codes and pricing

The current Medicaid physician fee schedule has separate columns for facility (inpatient rate) and nonfacility (outpatient rate) pricing. Effective August 1, 2016, **Anthem Blue Cross and Blue Shield Medicaid began following CMS guidelines for facility and nonfacility payment assignments based on the place-of-service (POS) code billed. These guidelines will apply based on the date of claim processing — on or after August 1, 2016.** For example, if a cardiologist bills for services rendered in an outpatient hospital setting (POS code 22), the pricing will be based on the fee listed in the facility column for the applicable code.
