

Behavioral Health Areas of Expertise Profile — Facility/Ancillary Providers

This *Behavioral Health Areas of Expertise Profile* is designed to capture informational data only. While not all services listed are covered benefits in your state, having complete information on what our providers offer will be valuable should changes occur. Neither the provider application or credentialing nor your provider contract will be impacted or changed by information provided in this profile. Any changes or amendments to a provider contract or credentialing must be requested through your local Provider Relations department.

Please complete a separate form for each clinical location.
