Improving the lives of our members: Social Drivers of Health

HealthKeepers, Inc. has developed a Social Drivers of Health (SDOH) initiative to proactively provide outreach to Anthem HealthKeepers Plus, Medallion and Anthem HealthKeepers Plus, Commonwealth Coordinated Care Plus (Anthem CCC Plus) members who need support for social, economic, or environmental circumstances. Our goal is to identify members with social needs and link them with available resources. With your help, we can work together to address these important issues.

What are Social Drivers of Health (SDOH)?

Social Drivers of Health are conditions that affect a wide range of health, functioning, and quality of life outcomes and risks. Resources that enhance quality of life can have a significant influence on population health outcomes. Examples of these resources include safe and affordable housing, access to education, healthy foods, employment, and more.

“Resources that enhance quality of life can have a significant influence on population health outcomes.”
Office of Disease Prevention and Health Promotion²

“There has been increased recognition that improving health and achieving health equity will require broader approaches that address social, economic, and environmental factors that influence health.”
Kaiser Family Foundation¹

How can providers partner with HealthKeepers, Inc. to address SDOH issues for Anthem HealthKeepers Plus members?

- Consider using the CMS Screening Tool,³ which can be found here: <https://innovation.cms.gov/Files/worksheets/ahcm-screeningtool.pdf>.
- Use our Community Resource Link to assist members in finding resources: <https://mss.anthem.com/va/support/community-resources.html>.
- We are asking all providers to submit ICD-10-CM codes from Chapter 21 (Z00 to Z99) to identify issues that may impact member health via claims. Codes specifically related to SDOH issues are located on the SDOH Diagnosis Code Reference Sheet (Z Codes).
