What is EPSDT?

Early and Periodic Screening, Diagnostic and Treatment (EPSDT) is Medicaid's comprehensive and preventive child health program for individuals under the age of 21.

- **Early** - Identifying problems early, starting at birth
- **Periodic** - Checking children's health at periodic, age-appropriate intervals
- **Screening** - Doing physical, mental, developmental, dental, hearing, vision and other screening tests to detect potential problems
- **Diagnosis** - Performing diagnostic tests to follow up when a risk is identified
- **Treatment** - Treating the problems found

What is EPSDT?

(continued)

Defined by law as part of the Omnibus Budget Reconciliation Act of 1989 (OBRA '89) legislation

Requires states to cover all services within the scope of the federal Medicaid program

Includes periodic screening, vision, dental and hearing services among its requirements

Requires (per Section 1905(r)(5) of the Social Security Act) that any medically necessary health care service listed in Section 1905(a) be provided to an EPSDT recipient even if the service is not available under the state's Medicaid plan to the rest of the Medicaid population

Our State Partners' Programs

Treatment and Follow-up Care

When a screening service indicates the need for further evaluation and diagnosis, a referral or treatment is required without delay

Evaluation, diagnosis and/or treatment may be provided at the time of the screening visit if the health care professional is qualified to provide the services

Follow-up care can be provided by:

- Primary care providers (e.g., family physicians or pediatricians)
- Specialists (e.g., neurologists, ophthalmologists and audiologists)
- Other health professionals (e.g., dentists, advanced practice nurses, psychologists and nutritionists)
- Community agencies

How to Report EPSDT Services

Providers must bill HealthKeepers, Inc. using correct coding guidelines to ensure accurate reporting for EPSDT services

Some states require providers to submit information directly to the state's immunization registries

Enroll in the Virginia Vaccines For Children Program

HealthKeepers, Inc. regularly exchanges data with state immunization registries
