To avoid disruption to claims payment through FFS and the MCOs providers must periodically check the DMAS provider portal, also known as the Provider Services Solution (PRSS), to ensure that the provider's enrollment, contact information, and license information is up to date, for all of the provider's respective service locations. Under federal rules, MCOs and DMAS are prohibited from paying claims to network providers who are not enrolled in PRSS. Additional information is provided on the [MCO Provider Network Resources webpage](#) and includes links to resources, tutorials and contact information to reach Gainwell with any provider enrollment or revalidation related questions. Dental providers should continue to enroll directly through the DMAS Dental Benefits Administrator, DentaQuest.
