

Anthem Blue Cross expands specialty pharmacy precertification list

This communication applies to the Medicare Advantage and Medicare-Medicaid Plan (MMP) programs for Anthem Blue Cross (Anthem).

Effective for dates of service on and after **December 1, 2022**, the specialty Medicare part B drug listed in the table below will be included in our precertification review process.

Federal and state law, as well as state contract language and CMS guidelines, including definitions and specific contract provisions/exclusions, take precedence over these precertification rules and must be considered first when determining coverage. Noncompliance with new requirements may result in denied claims.

HCPCS or CPT® codes	Medicare part B drugs
J3490, J3590	Amvuttra (vutrisiran)
J3299	Xipere (triamcinolone acetonide injectable suspension)

If you have any questions please contact Cal MediConnect Plan: **855-817-5786** or Medicare Advantage at the number on the back of the member ID card.
