B. Providers

B1. Key terms

This section explains key terms you'll see in our *Provider and Pharmacy Directory*.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment and other services.
 - The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports.
 - Providers that are a part of our plan's network are called network providers.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you see a network provider, you usually pay for covered services.
- A **Primary Care Provider** (PCP) is an Anthem Blue Cross Cal MediConnect Plan family practitioner, general practitioner, internist or OB/GYN who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a **referral** if you need to see a specialist or other provider.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:

If you have questions, please call Anthem Blue Cross Cal MediConnect Plan at 1-855-817-5785 (TTY 711), Monday through Friday from 8 a.m. to 8 p.m. Pacific time. The call is free. **For more information**, visit duals.anthem.com.

- Oncologists care for patients with cancer.
- Cardiologists care for patients with heart conditions.
- Orthopedists care for patients with certain bone, joint, or muscle conditions.
- A medical group is a group of PCPs, specialists and other health care providers who work together. If you need a specialist, your PCP must send you to these providers.
- You may need a **referral** to see a specialist or someone that is not your PCP. A **referral** means that your PCP must give you approval before you can see someone that is not your PCP. If you don't get a referral, Anthem Blue Cross Cal MediConnect Plan may not cover the service.
 - Referrals from your PCP are not needed for:
 - Emergency care;
 - Urgently needed care;
 - Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan's service area; or
 - Services from a women's health specialist.
 - Crisis stabilization, including mental health;
 - Preventive health services for all ages, including immunizations;
 - Basic prenatal care; or
 - Communicable disease services, including sexually transmitted infection and HIV testing.
 - Additionally, if you are eligible to get services from Indian health providers, you may see these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan's network.
 - More information on referrals is available in Chapter 3 of the *Member Handbook*.
- You also have access to a care coordinator and a care team that you help choose.
 - A **Care Coordinator** helps you manage your medical providers and services.
 - Your **Care Team** includes you, your doctors, your care coordinator and anyone else who plays an important role in your care. Everyone on the care

If you have questions, please call Anthem Blue Cross Cal MediConnect Plan at 1-855-817-5785 (TTY 711), Monday through Friday from 8 a.m. to 8 p.m. Pacific time. The call is free. **For more information**, visit duals.anthem.com.

team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once, and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that he or she can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

- With Anthem Blue Cross Cal MediConnect Plan, you have a team of people to help you get the care you need. This team, called your Interdisciplinary Care Team (ICT), is made of all your caregivers: your doctors and nurses, long-term care providers, pharmacists, behavior health specialists and social workers. Your ICT helps make sure your medical, behavioral health, long-term care and supports and social needs are met as a part of your individual care plan (ICP). Your ICP is a plan for what services you will get and how you will get them. You'll choose your providers from the list in this directory.
- In addition, Anthem Blue Cross Cal MediConnect Plan supports your health care needs by providing access to health assessments, disease management programs and follow-up visits after you leave the hospital through our neighborhood CareMore Care Centers.

B2. Choosing a Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

First, you will need to choose a Primary Care Provider. You may be able to have a specialist act as your PCP. A specialist is a doctor who provides health care services for a specific disease or part of the body. You may choose a specialist as your PCP if that doctor is listed as a PCP in this provider directory.

Our plan's PCPs are affiliated with medical groups. When you choose your PCP, you are also choosing the affiliated medical group. This means that your PCP will be referring you to specialists and services that are also affiliated with his or her medical group.

- If there is a particular specialist or hospital that you want to use, it is important to see whether they are affiliated with your PCP's medical group. You can look in this directory, or ask Anthem Blue Cross Cal MediConnect Plan Member Services to check to see if the PCP you want makes referrals to that specialist or uses that hospital.
- If you don't stay within your PCP's medical group, Anthem Blue Cross Cal MediConnect Plan may not cover the service.

To choose a PCP, go to the list of providers on page **1** and choose a provider:

- that you use now, **or**

If you have questions, please call Anthem Blue Cross Cal MediConnect Plan at 1-855-817-5785 (TTY 711), Monday through Friday from 8 a.m. to 8 p.m. Pacific time. The call is free. **For more information**, visit duals.anthem.com.

- who has been recommended by someone you trust, **or**
 - whose offices are easy for you to get to.
- If you want help in choosing a PCP, please call Member Services at 1-855-817-5785, Monday through Friday from 8 a.m. to 8 p.m. Pacific time. The call is free. TTY/TDD: 711. Or, visit duals.anthem.com.
- If you have questions about whether we will pay for any medical service or care that you want or need, call Member Services and ask **before** you get the service or care.

B3. Long-term services and supports (LTSS)

As a Anthem Blue Cross Cal MediConnect Plan member, you may be able to get long-term services and supports (LTSS), such as help shopping for meals, grooming, brushing your teeth, domestic house cleaning, laundry, meal delivery, escorts to health care appointments, and physical, social and mental health therapy. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

These services include Community-Based Adult Services (CBAS).

CBAS is a community-based day health program that provides services to older persons and adults with chronic medical, cognitive, or mental health conditions and/or disabilities that are at risk of needing institutional care.

To apply for CBAS, please contact Anthem Blue Cross Cal MediConnect Plan Member Services at 1-855-817-5785 (TTY 711) Monday through Friday from 8 a.m. to 8 p.m. Pacific time.

Other long-term services and supports provided by Anthem Blue Cross Cal MediConnect Plan include personal care services, home-delivered meals, protective supervision and respite care. To find providers of these service, go to page **88** in this Directory.

A full list of these services is available in Chapter 4 of your *Member Handbook*.

Your care coordinator can tell you more about available services, the eligibility requirements and how to apply for these programs.

If you have questions, please call Anthem Blue Cross Cal MediConnect Plan at 1-855-817-5785 (TTY 711), Monday through Friday from 8 a.m. to 8 p.m. Pacific time. The call is free. **For more information**, visit duals.anthem.com.

B4. How to identify providers in Anthem Blue Cross Cal MediConnect Plan's network

You must get all of your covered services from providers within our network that are affiliated with your PCP's medical group. If you go to providers who are not in Anthem Blue Cross Cal MediConnect Plan's *network* and are not affiliated with your PCP's medical group (without prior authorization or approval from us), you will have to pay the bill.

A **prior authorization** is an approval from Anthem Blue Cross Cal MediConnect Plan before you can get a specific service or drug or see an out-of-network provider. Anthem Blue Cross Cal MediConnect Plan may not cover the service or drug if you don't get approval.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan or your PCP's medical group if Anthem Blue Cross Cal MediConnect Plan gives you permission first.

You may need a referral to see someone who is not a Primary Care Provider. There is more information about referrals on page IV.

- You may change providers within the network at any time. If you have been going to one network provider, you do not have to keep going to that same provider. For some providers, you may need a referral from your PCP.
- Remember, our plan's PCPs are affiliated with medical groups. If you change your PCP, you may also be changing medical groups. When you ask for the change, be sure to tell Member Services whether you are seeing a specialist or getting other covered services that require PCP approval. Member Services will help make sure that you can continue your specialty care and other services when you change your PCP.
- Anthem Blue Cross Cal MediConnect Plan works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need to see a provider and are not sure if they offer the accommodations you need, Anthem Blue Cross Cal MediConnect Plan can help you. Talk to your care coordinator] for assistance or call Member Services at 1-855-817-5785 (TTY 711).

If you have questions, please call Anthem Blue Cross Cal MediConnect Plan at 1-855-817-5785 (TTY 711), Monday through Friday from 8 a.m. to 8 p.m. Pacific time. The call is free. **For more information**, visit duals.anthem.com.

D. List of network pharmacies

This part of the Directory provides a list of pharmacies in Anthem Blue Cross Cal MediConnect Plan's network. These network pharmacies are pharmacies that have agreed to provide prescription drugs to you as a member of the plan.

We also list pharmacies that are in our network but are outside Santa Clara County in which you live. You may also fill your prescriptions at these pharmacies. Please contact Anthem Blue Cross Cal MediConnect Plan at 1-855-817-5785 (TTY 711), Monday through Friday from 8 a.m. to 8 p.m. Pacific time, for additional information.

- Anthem Blue Cross Cal MediConnect Plan members must use network pharmacies to get prescription drugs.
 - You must use network pharmacies except in emergency or urgent care situations.
 - If you go to an out-of-network pharmacy for prescriptions when it is not an emergency, you will have to pay out of pocket for the service. Read the Anthem Blue Cross Cal MediConnect Plan *Member Handbook* for more information.
- Some network pharmacies may not be listed in this Directory.
 - Some network pharmacies may have been added or removed from our plan after this Directory was published.

For up-to-date information about Anthem Blue Cross Cal MediConnect Plan network pharmacies in your area, please visit our web site at duals.anthem.com or call Member Services at 1-855-817-5785, Monday through Friday from 8 a.m. to 8 p.m. Pacific time. The call is free. TTY/TDD: 711.

- Home infusion pharmacies prepare prescription drugs that are given through a vein, within a muscle, or in another non-oral way by a trained provider in your home.
- Long-term care (LTC) pharmacies serve residents of long-term care facilities, such as nursing homes.
- Indian Health Service / Tribal / Urban Indian Health Program (I/T/U) pharmacies

E4. Long-Term Care Pharmacies

LONG-TERM CARE PHARMACIES

Residents of a long-term care facility, such as a nursing home, may access their prescription drugs covered under Anthem Blue Cross Cal MediConnect Plan through the facility's pharmacy or another network pharmacy. To learn more about drug coverage in special cases, see Chapter 5 of the *Member Handbook*.

Long-term care (LTC) pharmacies are also called specialized pharmacies. These pharmacies supply drugs for those who live in a long-term care facility, such as a nursing home. Usually, long-term care facilities have their own pharmacies. If you live in a long-term care facility, we must make sure you can get the drugs you need at the facility's pharmacy. If your long-term care facility's pharmacy is not in our network, or you have any trouble getting your drugs in a long-term care facility, please contact your care coordinator or contact Member Services at 1-855-817-5785 (TTY 711), Monday through Friday from 8 a.m. to 8 p.m. Pacific time.
